

## The UK's leading bathroom wall panels

MAY 2024

### Edinburgh-based Multipanel wins leading interior product award

Multipanel, the UK's leading bathroom wall panel brand, has been awarded Best Bathroom Surface at Ideal Home Awards 2024.

The company won the Best Bathroom Surface category for their Tile Collection. The collection features nine decors across colour, marble and mineral with an etched grout line, and are available in a variety of patterns – from large tile to metro and herringbone. The winning decors provide the aesthetic benefits of a stylish tile, but with the simplicity and ease of high-performance bathroom panels.

John Mortimer, Managing Director, Multipanel, says: “The Ideal Home Awards are regarded as the leading consumer interior design awards, so to win is a huge achievement for Multipanel. The judges recognised that wall panels offer several benefits to homeowners, such as being easy to maintain, require no messy grouting and are quicker to install - all without compromising on style.

“Our team work hard to ensure our wall panels deliver on style element, often leading the way within the industry. We are especially proud of the sustainability of our wall panels – they are manufactured in the UK using Forest Stewardship Council® certified materials and are 100% recyclable - which make them a fantastic alternative to tiles.”

Ideal Home added about the award win: “The ingenious panelling takes all the faff out of achieving a super-stylish look.”
